"Happy Tails" From Our Friends

Roo (formerly Mitch) is doing amazing!

"He is fully potty trained and knows sit, stay, lay down, and roll over. He has adjusted well to his new home and loves going on his daily walks! He also loves going to the dog park to interact with other dogs and their owners. Despite his small size, Roo only enjoys the dog park if he's on the big dog side. I'm so lucky to have him and he has made these hard times so much more enjoyable."

Jennie

Binx (formerly Batman)

"He is a great addition to my little cat family. He has settled in and loves his new friends. He has such a fun personality and loves to cuddle. Thank you AWA!"

Allison

Alaska

"She has really come out of her shell.

We couldn't have asked for a better dog for us! She loves going on hikes or just relaxing on the couch watching TV. We are so thankful that she has joined our family. Thank you so much!"

Kari

Teddy (formerly Gadget)

"He was rescued from neglect in Texas at just 4 months old. We fell in love with this tiny pup who wouldn't even look at us, he just sat on the floor, turned away with his head hung. We knew we were the right family to give him all the love he can stand and to build his confidence. He was absolutely terrified of

EVERYTHING, but he has come such a long way! He's so full of life and love and is now 2 years old. His underbite is everyone's favorite. Thank you so much for everything you do for all kinds of pets and for uniting us with this special boy!"

Amanda

Monica

"She is doing great! Almost all her hair has grown back, and she has adjusted well to being home. She loves sitting on laps and being pet. Also, I am working from home, she is often sitting on the dining room table with me during the day while I work. We are so happy she's part of our family!"

Jen

Rey (formerly Jen)

"At first, she was super shy, but we have been patient with her and she has definitely come out of her shell. She is a spoiled girl, and we love her so much! Thanks again AWA!"

Taylor

This is Ember (on the left) with her mom and sister Molly.

She was one of the ten dogs rescued from a South Korean meat farm where she lived a neglected life in a cramped wire cage. Her fur was so matted that she could hardly move.

When she arrived at AWA, she was underweight and suffering from heartworm disease.

Now look at her, she's enjoying the life of a princess.

Remember Ludo? He was brought to us from a horrendous hoarding situation in Tennessee. He was covered in mange. After arriving at AWA, he was placed in foster care where he got his first taste of what living with a loving family could be like. He then was adopted and here he is now celebrating a new life of love and companionship.

Why Support Animal Welfare Association?

About Animal Welfare Association

For nearly 75 years, The Animal Welfare Association (AWA) has been more than a shelter: with our mission to eliminate animal suffering and promoting the importance of the human-animal bond.

In 2022, We Are Looking Forward to Welcoming You to a Place Where Happiness Begins!

Welcome to AWA's new Adoption and Education Center. Homeless animals will find a safe and healthy environment to rest, recover, and meet their new forever families. The new space will allow for new and expanded programs and services to be offered to pet lovers in the community. These programs include

- Community Pet Food Program including AWA's new on-site Pet Food Pantry, off-site programs such as Chow Stops, the Pet Food Pantry for underserved communities
- Humane Education such as Tales with Tails kids reading program, P.A.W.S. Program for individuals with disabilities program, and Summer Camp
- Rehoming: providing guidance to pet owners to help keep pets in their homes

Whether you want to support **Humane Education**, **pet food support for our pet-loving community**, or the **medical and behavior support of the animals**, our packages are customizable, flexible, and have the most value for your support.
