Event Partnerships at AWA

There are so many unique ways to get involved with events at AWA! Our events department creates 8+ events annually and is consistently adding more to the schedule as AWA grows! These experiences help spread awareness of Animal Welfare Association's mission, fundraise, and create a network for our organization and partners alike.

Throughout the year, AWA plans a variety of experiences, such as our family-based events like bowling and mini golf, community-based events such as Paws & Feet 5k and Doggie Fun Day and Barking Lots, as well as a more diverse section of events including our annual Drag Show and so many more!

All partnership opportunities are available for each individual event, with custom partnership options available. For example, exhibit spaces can be swapped for event tickets. Please reach out to us to discuss other possibilities, yearly partnership amongst multiple events, smaller (and larger!) partner options, and other individual potential opportunities!

See something that catches your eye? Have an idea not listed? Please talk to us - We would love to connect about other potential ideas and collaborations!

Sponsoring Multiple Events:

Save more lives by saving more!

We greatly value our partners, especially continued partnerships that span across not only years, but multiple events. To show our gratitude, AWA has created a system of incentives and upgrades for repeat event sponsors. Not only do our repeat partners get first choice of all partnership opportunities, they also earn:

We are consistently creating new partnership opportunities and would love to customize a package based on you or your company's interests!

VETS ON WHEELS

**FREE Accessible Pet Care
For Camden City Residents**

What is Vets On Wheels?

Our Vets on Wheels (VOW) program is a compassionate, community outreach initiative designed to bring essential veterinary services directly to pet owners in Camden. Many residents face economic challenges that make it difficult to prioritize pet care alongside other pressing needs. Despite these challenges, the love and commitment they have for their pets are unwavering. VOW recognizes the deep bond people share with their animals and seeks to empower pet owners by providing the resources they need to make healthy choices for their beloved companions. By offering accessible vaccinations and preventive care, we aim to ease the burden of vet costs, allowing families to focus on other areas of their lives while knowing their pets are healthy and happy.

Services Provided at Each VOW Session:

- Rabies & Distemper Vaccines
- Bordatella Vaccines
- Microchips
- FVRCP - Feline distemper comb vaccines

2025 VOW Statistics:

- Offered twice a month from April – October
- Vaccines provided to 1,423 pets
- Average of 100 pets seen per VOW session
- Cost to AWA per VOW session approximately \$4,500

What Can You Do?

Because we see such a need for these services for the community, AWA is looking to expand the number of pets cared for through the program. Become an Animal Welfare Association VOW Partner by funding one or multiple sessions.
